

BOLT et al
Appl. No. Unassigned
December 23, 2003

REMARKS/ARGUMENTS

The claims are revised from the originally published format to correct/remove multiple dependencies. The specification has been amended to include the Sequence Listing submitted herewith on separate sheets. Entry of the Sequence Listing does not raise the issue of new matter as the sequence information contained herein is presented in the application as originally filed. The compute readable copy of the Sequence Listing submitted herewith is believed to be the same as the attached paper copy of that Listing.

Applicants await an early action on the merits. If the Examiner finds this case is not now in condition for allowance and believes that an interview prior to first action would be helpful in focussing and/or resolving issues, applicants request the Examiner to contact their representative at the telephone number listed below to arrange a telephonic or personal interview.

Respectfully submitted,

NIXON & VANDERHYE P.C.
